

Solventborne **High solids**

Product name
ACRYDIC A-851-HP

Description

ACRYDIC A-851-HP is a solventborne OH functional acrylic resin to use in combination with polyisocyanates for 2K polyurethane coatings. ACRYDIC A-851-HP has excellent weather resistance, high gloss and fast drying properties. It is recommended for motorcycle finishes, automotive refinishing, heavy machinery, metal, plastic and wood coatings.

Applications

Motorcycle parts finishes.
Automotive refinishing.
Heavy machinery.
Metal, plastic and wood coatings.

Key features

High solids.
Appearance.
High gloss.
Fast drying.
Weather resistance.
BTX free.

Characteristics

	ACRYDIC A-851-HP
Appearance	Clear liquid
Solids content, weight %	69.0 - 71.0
Viscosity, Gardner 25°C	X - Z1
Color, Gardner	1 max.
Acid value on solution, mg KOH/g	1.0 - 4.0
OH value on solution, mg KOH/g	66.0 - 74.0
Solvent	Butyl acetate

Storage

Store in a cool, dry, well-ventilated place at temperatures below 30°C.

Safe handling note

Refer to SDS for ACRYDIC A-851-HP.
Please confirm with our sales representative regarding chemical regulatory status of intended countries.
