

TECHNICAL INFORMATION

Polyester Film Based Adhesive Tape for Light Shielding

DAITAC LS-050H-2

Construction

Characteristic

- Excellent lightproof (Transmittance : under 0.1%)
- Excellent adhesive strength and excellent stability
- Good insulating

Application

- Lightproof material for liquid crystal display, digital camera, etc

Property

		Units	LS-050H-2
Tape thickness		µm	75
Adhesion (JIS Z0237-2000)	SUS	N / 25mm	12.0
	PC		12.5
Holding power	(70°C,0.5kg)	mm / h	2 >
Transmittance (JIS K7105)		%	0.1 >
Surface resistance		Ω	> 10 ¹²
Volume resistance		Ω·m	> 10 ¹²
Reworkability	SUS		◎ : Good

Standard Size

960mm in max width / 50m in length
